### When requesting a quote, please specify:

- Board face
- Return sizes
- Without or with welt: top, bottom or both
- Painted or lined dust cover
- Ceiling or wall mount
- Railroad fabric
- Painted and stained options to match décor

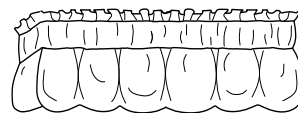

## Valances

A short-top treatment available in many styles, usually finishing in lengths of 10" to 16". Please indicate the style number requested when ordering or requesting a quote.

### 941 THE SKIRT

- A straight, shirred valance that gives a look that can be casual or more formal, depending on fabric selections.
- Comes with a 1/5" rod pocket and a 2" header, mounted on a standard curtain rod.
- Lined with standard white lining.
- 2.5x fullness
  - Specify: - Rod Width
  - Return Size
  - Heading size (0-2")
  - Length
  - Rod Size, 3/4", 2.5", 4.5"

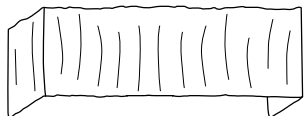

### 946 THE CUMULUS W/HEADER 946A THE CUMULUS W/O HEADER

- The ever-popular cloud style, commonly called a "pouf valance" can be used alone as a topper, or as a drapery enhancement.
- Lower rod is lifted to form pouf.
- Tissue can be added for extra pouf.
- Recommended unlined.
- Finished length, after pouf, is approximately 16", depending on placement of lower rod.
- 3x fullness
  - Specify: - Rod Size (4.5" or 2.5")
  - Rod Width
  - Return Size
  - Heading Size (0 or 2")
  - Length

# TOP TREATMENTS

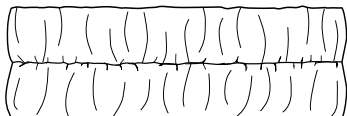

## 942 THE DOLMAN

- Single rod sleeve without header
- 3x fullness
  - Specify: - Rod Size (2.5" or 4.5")
  - Rod Width
  - Return Size
  - Header Size

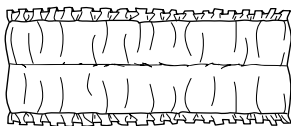

## 943 THE CAP

- Single rod sleeve softened by 2" header top and bottom
- 3x fullness
  - Specify: - Rod Size (2.5" or 4.5")
  - Rod Width
  - Return Size
  - Header Size

## 944 THE RAGLAN

- Double rod sleeve without header
- 3x fullness
  - Specify: - Rod Size (2.5" or 4.5")
  - Rod Width
  - Return Size
  - Header Size

## 945 THE TULIP

- Double rod sleeve softened by 2" header top and bottom
- 3x fullness
  - Specify: - Rod Size (2.5" or 4.5")
  - Rod Width
  - Return Size
  - Header Size

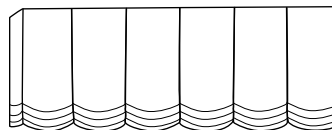

## 947 THE SAVANNAH

- Tailored, straight, inverted box pleated valance easily adapts to any decor.
- Width of pleats range from 6-12", depending on valance width and number of pleats requested.
- Lined with 2 pass velvet suede blackout
- Board mounted with velcro.
  - Specify: - Board Face
  - Return Size
  - Finished Length (standard is 14")

## 948 THE ATLANTA

- A tailored, straight, regular box pleat gives a slightly boxier look than the inverted box pleat.
- Lined with 2 pass velvet suede blackout.
- Board mounted with velcro.
  - Specify: - Board Face
  - Return Size
  - Finished Length (standard is 14")

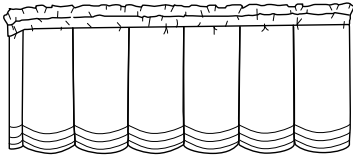

## 949 THE WILLOW

- Box pleats and shirring tape make this valance at home in either a country or traditional setting.
- Lined with 2 pass velvet suede blackout.
- Board mounted with velcro.
  - Specify: - Board Face
  - Return Size
  - Long & Short Points

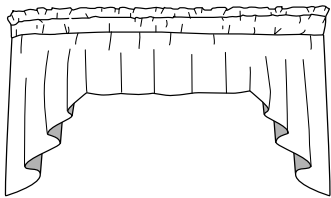

# TOP TREATMENTS

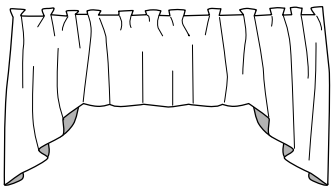

## 9410 THE SYCAMORE

- Another version of the Willow, the Sycamore has a slightly more tailored look with a rod pocket and header.
- 2.5x fullness  
Specify: - Rod Width  
- Return Size  
- Long & Short Points

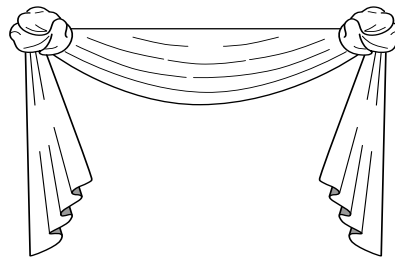

## 9411 THE VERMONT

- Rod pocket valance, with tapered ends that naturally frame a window.
- Self or contrast lined
- 2.5x fullness  
Specify: - Rod Width (4.5" or 2.5")  
- Rod Height  
- Return Size  
- Header Size (0 or 2")  
- Lining Choice (self or contrast)  
- Finished Length: Long & Short Point

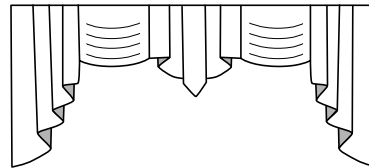

## 9412 THE PENNSYLVANIA

- Pinch Pleated valance with tapered ends that naturally frame a window.
- Self or contract lined
- Mounted on a standard curtain rod.
- 2.5x fullness  
Specify: - Rod Width  
- Return Size  
- Lining Choice (self or contrast)  
- Finished Length: Long & Short Point

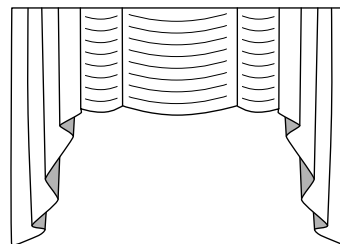

## 9413 THE WASHINGTON

- One piece swag & jabots made w/swag brackets used to create a loose rosette or knotted look.
- Requires much dressing.
- Can be self-lined or contrast-lined.  
Specify: - Finished Width  
- Side Drop Length  
- Number of Swag/Knots  
- Lining Choice (self or contrast)

## 9415 THE CHERRY VALLEY

- An extremely formal Austrian style valance, with side jabots and center jabot as the focal point.
- Valance is lined with standard lining, while the side and center jabots can be self-lined or contrast-lined for an even more dramatic effect.
- This style is recommended for use on widths over 80".
- Board mounted.  
Specify: - Board Face  
- Return Size  
- Jabot Length

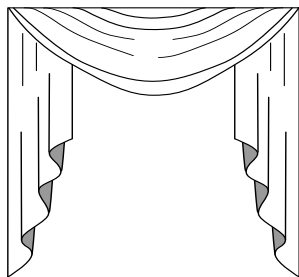

## 9416 THE BELGIAN

- A variation of the Austrian, this treatment omits the center jabot for a look not quite as formal.
- Board mounted.  
Specify: - Board Face  
- Return Size  
- Valance Length
